2. The review shows that Logistics is well aware of its responsibilities and the problems arising from its operations. It further indicates that in FY 1956 objectives that action is being taken or is proposed to be taken to continually improve Logistics support on a world-wide basis and to resolve and minimize problems.

3. It is recommended that no action be taken on Logistics' memorandum and that it be filed in order that it may be used as a check and comparison of their FY 1956 progress.
